Minda Corporation Limited

Minda Corporation Limited is one of the leading manufacturers of automotive components in the country.

The company's extensive research over the years has ushered-in an era of introducing industry leading solutions to leading global and Indian OEMs. We are developing smart solutions backed with cutting-edge technology. With a workforce of more than 16,000 people, the company has strong presence in India and international markets.

Spark Minda has 28 manufacturing facilities across the country and three overseas, located in Indonesia, Vietnam and Uzbekistan. The diverse clientele across the mobility ecosystem includes passengers, commercial and off-road vehicles, motorcycles, and scooters.

Ensuring manufacturing excellence, MCL has been nurturing culture of customer-centricity and delivering diverse products and solutions since 1958.

Spark Minda Technical Centre is the hub driving advance engineering and research projects and is responsible for the new products' design and development for all businesses in the company. Focused efforts to lead research, innovation and sustainability initiatives have helped it stay ahead of the technology curve. We are also developing futuristic automotive subsystem technologies for current and prospective customers.

The company's focus on smart auto-technology solutions has enabled it to provide cutting-edge solutions to its clients, making it a pioneer in the automotive industry.

600+ R&D Engineers in State-of-the-Art Innovation R&D Hubs

LEADING SUPPLIER ACROSS THE AUTOMOTIVE ECOSYSTEM SINCE 1958

MINDA DIE CASTING DIVISION PUNE

MINDA CORPORATION LIMITED AFTERMARKET DIVISION WAREHOUSE FARUKHNAGAR

AFTERMARKET DIVISION

The AFTERMARKET DIVISION focuses on ensuring the availability of Spark Minda products across India through a wide network of Business Partners.

Spark Minda demonstrates a strong commitment towards customer satisfaction and ensures that we deliver the best products and solutions to them.

By consolidating resources and expertise, Spark Minda Aftermarket Division aspires to further strengthen its position in the aftermarket industry and continue to provide excellent service to its valued customers with Digitization, better Business Partner Sales Policies and focus on New Product Development.

With a wide range of product cataloguing, Spark Minda products serve a diverse customer base across different industries and regions.

The diverse clientele of Aftermarket Division ranges across vehicle categories like Passenger Vehicle, Commercial Vehicle, Motorcycle & Scooter, Off-road Vehicle & Tier 1 Manufacturers in India and Overseas.

Spark Minda will continue to evolve. Our robust, in-house research and development ecosystem will accelerate our product innovation efforts to match the dynamic aspirations of our customers.

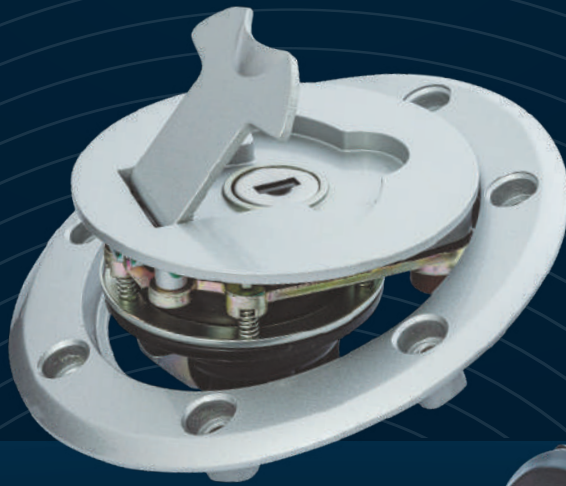

Fulfilling the larger vision of Spark Minda's Aftermarket Division, we'll continue to build on customer loyalty and stronger footprint by providing best-in-class quality products and delivering sustainable growth.

- **600+ BUSINESS PARTNER**
- **1 LAC SQ FT STATE OF ART WAREHOUSE**

Minda Corporation Limited

Minda Corporation Limited is one of the leading manufacturers of automotive components in the country.

The company's extensive research over the years has ushered-in an era of introducing industry leading solutions to leading global and Indian OEMs. We are developing smart solutions backed with cutting-edge technology. With a workforce of more than 16,000 people, the company has strong presence in India and international markets.

Spark Minda has 28 manufacturing facilities across the country and three overseas, located in Indonesia, Vietnam and Uzbekistan. The diverse clientele across the mobility ecosystem includes passengers, commercial and off-road vehicles, motorcycles, and scooters.

Ensuring manufacturing excellence, MCL has been nurturing culture of customer-centricity and delivering diverse products and solutions since 1958.

Spark Minda Technical Centre is the hub driving advance engineering and research projects and is responsible for the new products' design and development for all businesses in the company. Focused efforts to lead research, innovation and sustainability initiatives have helped it stay ahead of the technology curve. We are also developing futuristic automotive subsystem technologies for current and prospective customers.

The company's focus on smart auto-technology solutions has enabled it to provide cutting-edge solutions to its clients, making it a pioneer in the automotive industry.
